

Nation-wide Campaign by JRU7 is now in progress

No.1 May 7, 2009 Ceremony to kick-off the campaign

Today is the first day of the campaign. At JR Minami-urawa Station, some 100 members including JR Freight members and citizen supporters distributed a total of 1,157 flyers to ask for support for an hour. Then union members from Omiya region of JREU conducted actions at JR Urawa Station and JR Omiya Station.

After a series of street rallies, we held a kick-off ceremony at a hall named Urawa Community. The hall was filled with over 90 people including union members, OBs and families. They were angry at union busting. Youth leader of Urawa Sub-branch of JREU led a chorus of yells. President of JR Urawa Sub-branch declared his determination to fight with JRU7 in order to win the case, and called for union members to join the struggle. After that not a few participants made remarks to support JRU7. At the end of the ceremony, each of seven members expressed his decision, saying "We'll endeavor to make our campaign successful." The rally was finished with a cheer-up call, "Let's fight together!"
