

Nation-wide Campaign by JRU7 is now in progress

No.11 May 16, 2009 Marching the main street, Sendai

We held a rally on Miyagi region at Sendai Fukushi Plaza (Welfare plaza) on May 16. Before opening the rally we waged a street campaign to call for support to JRU7 with a host of flyers which were handed out to citizens.

The hall where we had a rally was filled with more than 300 workers and citizens. After that we marched in the main street of Sendai city. Aoba Festival was held in Sendai on the day, so many people including tourists were on the street. We called for them to pay attention to our case, shouting "JRU7 are innocent. We will win!"
