

Nation-wide Campaign by JRU7 is now in progress

No.18 May 20, 2009 “We ll do everything possible till June 5”

We held a rally in Sapporo area on May 20 with 320 participants. Sapporo is the capital of Hokkaido, northernmost island of Japan.

After watching the video, Brother Hashimoto, President of JRHU Sapporo region gave an opening address. On behalf of JRU7, three members, Brother Yamada, Brother Yatsuda and

Brother Oma, expressed their strong decision, saying, “We have clarified the truth of our case in the appeal court. We firmly believe our victory!”

Everyone in the hall of Elle Plaza made up his (her) mind to do everything possible together with all the union fellow members till June 5, the day the Tokyo High Court will deliver the decision.

Before the rally we staged a street campaign in the temperature above 25 degrees C, which is rare here in Hokkaido in this season, in Oodori Park in Sapporo from 11:00 to 12:00. A total of 32 union members handed out 1000 flyers to

the citizens walking there. Hearing the word “false charge”, some of them stopped to get the flyers. Some read them seriously. Others gave us such words as “Never give up.” We were empowered to learn many people were concerned over JR Urawa Case.
