

# Nation-wide Campaign by JRU7 is now in progress

No.22 May 23, 2009 Win JRU7's acquittal and reinstatement. In Niigata.

On May 23, we had a rally to win JRU7's acquittal and reinstatement at Chisan Hotel with 70 union members.

Brother Kobayashi, President of Niigata region office, kicked off the rally. He said, "If a trade union doesn't defend its members, is there anything else for the union to do? It is outrageous to be detained for 344 days, being kept apart from the family and workplace. We'd like to listen to their voice now again, and think back on our fighting so far."

Then Brother Oguro told us about "his struggle of 344 days in the detention center", "his hard days to be separated from his family", "reality of the case", "warmth of his fellow union members" and so on.

Majority of today's participants are union officers. They assured that they would deliver what they learned today to union members.
